

General Purpose

sorbents for all liquids

Our GENERAL PURPOSE sorbent is cellulose filled and will easily handle any spill from water based solvents to hydrocarbons (with the exception of aggressive chemicals). It has a strong wicking action and will absorb up to 40 times it's own weight.

- ✓ Suitable for any spill from water based solvents to hydrocarbons
- ✓ Will absorb and retain up to 40 times it's own weight
- ✓ Reduces the need for multiple sorbents
- ✓ Best choice for a no-decision response on land

[Check the Chemical Application Guide](#)

Colour: GREY or WHITE

General Purpose - SOCKS:

Used to contain spills and leaks. Flexible enough to fit around leaky equipment and drums

Code #	Item	Size	Packing
GGGS48	Socks	48" x 3"	40/case
GGGS144	Socks	144" x 3"	10/case

General Purpose - PILLOWS:

Used for heavy duty liquid pickup and nuisance drips

Code #	Item	Size	Packing
GGPIL818	Pillows	8" x 18"	36/case
GGPIL1818	Pillows	18" x 18"	16/case

ECONOMY WASTE SOLIDIFIER

Granular absorbent (with cellulose) to solidify water based liquids

Code #	Item	Size	Packing
SEWS1000	Economy Waste Solidifier	1000 lb supersac	each
