

# Universal / Chemical

sorbents for all liquids

Our UNIVERSAL sorbent is a hydrophilic polypropylene product that absorbs all water based liquids, including aggressive acids and bases. It is also suitable for petrochemicals such as oils, fuels and solvents. It absorbs up to 25 times it's own weight and is a cost effective solution for spill cleanup.

- ✓ **Suitable for absorbing Water, Oil, Fuels, Solvents, Acids and Bases**
- ✓ **Will absorb and retain up to 25 times it's own weight**
- ✓ **Can be applied without fear of reaction**

(some exceptions may apply to strong oxidizing materials)

## Choose the grade of Pads and Rolls for your specific application

Sonic Bonded
