Tarpaulins

- Tarpaulins are made of High Density Polyethylene (HDPE)
- Regular placement of reinforced heavy-duty rust resistant grommets at a distance of every 3' makes them very easy to lash down securely
- Each tarpaulin is extremely strong, fully weatherproof, water., tear and stretch resistant, washable and rot proof, light and easy to handle
- Use as a ground sheet or covering for equipment, wood, trailers, vehicles, building materials or as temporary roofing to protect any products from sun, rain and dust
- Reinforced polypropylene rope sewn in welded hems
- Heat sealed seams
- Increased UV resistance for long life
- Finished sizes are slightly smaller (due to hem allowance)

STANDARD DUTY BLUE

- Weave density: 8 x 8
- Thickness: 100 microns

Code #	Dimensions (feet)
TSB57	5' x 7'
TSB68	6' x 8'
TSB810	8' x 10'
TSB1012	10' x 12'
TSB1020	10' x 20'
TSB1216	12' x 16'
TSB1620	16' x 20'
TSB1824	18' x 24'
TSB2030	20' x 30'
TSB2430	24' x 30'
TSB3040	30' x 40'
TSB4060	40' x 60'

HEAVY DUTY WHITE

- Weave density: 10 x 10
- Thickness: 150 microns
- 4 corner patches for added strength

Code #	Dimensions (feet)
THW68	6' x 8'
